Dear Supervisors:

**LAWNDALE LIBRARY PROJECT
APPROVE GRANT AGREEMENT AND ACCEPT BOND ACT GRANT FUNDS;
APPROVE REVISED PROJECT BUDGET; AWARD AGREEMENT
SPECIFICATIONS 6581; C.P. 77481
(SUPERVISORIAL DISTRICT 2) 3 VOTES**

**JOINT RECOMMENDATION WITH THE CHIEF ADMINISTRATIVE OFFICER AND
DIRECTOR OF PUBLIC WORKS THAT YOUR BOARD:**

1. Approve and authorize the County Librarian to sign the Grant Agreement with the California State Library (Attachment B) to accept State Library Bond Act grant funds in the amount of \$7,300,132 for the Lawndale Library Project.
2. Approve a revised project budget of \$11,824,900 for the Lawndale Library Project as detailed in Attachment A.
3. Award and authorize the Director of Public Works to execute an agreement with Gruen Associates to provide architect/engineer design and consultant services for the Lawndale Library Project for a not-to-exceed fee of \$548,910, funded by Second District Capital Projects funds and State Library Bond Act grant funds, and establish the effective contract date following receipt of insurance certificates filed by the consultant.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Approval of the recommended actions will authorize the County Librarian to execute the grant agreement with the State, allow the County to accept the Library Bond Act matching grant funds awarded by the State, and allow the Lawndale Library Project design to proceed.

On January 6, 2004, your Board authorized the Public Library to submit a grant application to the State for matching funds under the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000 (Bond Act) to construct the Lawndale Library Project. The project will replace the existing 3,203-square-foot library facility with a new 17,360-square-foot library and associated parking in the Lawndale Civic Center.

On November 29, 2004, the State awarded a Bond Act grant to the County in the amount of \$7,300,132 for the construction of the Lawndale Library Project. In order to receive the grant funds, the County is required to execute the attached grant agreement with the State Library. The agreement commits the County to administer and implement the library project and expend the grant funds in conformance with the provisions of the agreement, the requirements of the Bond Act, and applicable regulations. Approval of the recommended actions will authorize the County Librarian to execute the grant agreement on behalf of the County.

On May 21, 2002, your Board awarded an agreement to Gruen Associates to prepare the various planning and design documents for submission to the State Library with the grant application. Under the recommended agreement, Gruen will provide the design and construction administration services necessary to complete the project. Following the completion of construction documents and jurisdictional approvals, tentatively scheduled for November 2006, we plan to return to your Board to adopt plans and specifications and advertise for bids to construct the project.

Implementation of Strategic Plan Goals

Approval of these recommendations is consistent with the County Strategic Plan Goals of Fiscal Responsibility, Service Excellence, and Children and Families' Well-being as this is an investment in public infrastructure that will provide improved library services and educational facilities and programs for enhancing education/workforce readiness for the residents of the City of Lawndale.

FISCAL IMPACT/FINANCING

At the time of the grant application, the project budget was estimated at \$12,068,662. The project was to be funded by a State Bond Act grant of \$7,300,132 and a County contribution of \$4,768,530.

The grant application project budget included \$3,065,000 for the value of the land, which is considered a project cost by the State for purposes of the grant application. Since the library site was acquired through a land exchange with the City of Lawndale, the County did not incur any actual land acquisition expense. As a result, the actual net cost of the project was estimated to be \$9,003,662.

Since submitting the grant application, the construction industry has experienced significant cost increases that led to a revised total project cost estimate of \$11,824,900 which exceeds the cost estimate developed at the time of the grant application by \$2,821,238. The revised cost estimate includes plans and specifications, plan check, construction, furniture and equipment, consultant services, civic art, library books and materials, and County services. The revised Project Schedule and Budget Summary are provided in Attachment A.

The State grant of \$7,300,132 represents the State's maximum obligation to the project. Therefore, the County is responsible for funding the additional \$2,821,238 in project costs, which results in a total County contribution of \$4,524,768.

Sufficient appropriation has been provided in the Fiscal Year 2005-06 Capital Projects Budget (C.P. 77481) to fund the recommendations.

Operating Budget Impact

It is anticipated that the new library facility will begin operation in December 2008 and funding for annual operating costs will be required at that time. The annual cost for operating this new facility is estimated at \$990,000 based on the current costs for staffing, support, facility maintenance, and other operating costs that will be required. This represents a net increase of approximately \$510,000 per year over the current annual operating cost for the existing Lawndale Library. The Public Library will request additional funding for the new library's operating costs beginning in Fiscal Year 2008-09. The Chief Administrative Office will review the operating requirements and available funding as part of the budget and make a final recommendation to your Board at that time.

In addition to annual operating costs, one-time start-up costs of \$750,000 are required to purchase library books and materials to augment the collection in the existing library

for the new facility's opening day collection. Funding for the purchase of those materials is included in the project budget and will be required beginning in Fiscal Year 2007-08.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Bond Act requires the County to operate the new library for a period of 40 years. The attached grant agreement with the State (Attachment B) requires the County to construct the public library facility described in the application submitted to the State in January 2004. The County is required to conform to the requirements of the Bond Act and applicable regulations in all aspects of administration, implementation, and construction of its public library project and to expend grant funds in accordance with the Bond Act and the regulations. The grant agreement has been reviewed and approved as to form by County Counsel.

On February 11, 2003, your Board approved an option agreement with the City of Lawndale for the exchange of properties between the City and County, plus the payment of \$500,000 by the City to the County to finance a portion of the County's costs for the project. As previously authorized by the Board, the Chief Administrative Officer will exercise the option with the City to acquire the site during the next phase of work on the project.

ENVIRONMENTAL DOCUMENTATION

On February 11, 2003, your Board adopted a Mitigated Negative Declaration and a Mitigation Monitoring and Reporting Program for this project.

CONTRACTING PROCESS

On February 21, 2002, Public Works issued a Request for Proposals to 21 firms recommended by the Architectural Evaluation Board to provide design and consultant services for potential library projects identified by your Board for Library Construction Bond Act applications. A total of nine firms submitted proposals. The proposals were evaluated by a panel of members from Public Library and Public Works based on technical expertise, proposed work plan, experience, personnel qualifications, and understanding of the work requirements. The evaluation was done without regard to race, creed, color, or gender. On March 11, 2002, Public Works and Public Library selected and ranked the five best-qualified firms. Gruen Associates was determined to be the firm best qualified for this project.

The Honorable Board of Supervisors
August 16, 2005
Page 5

On May 21, 2002 your Board awarded and authorized Public Works to execute an agreement with Gruen Associates for a not-to-exceed fee of \$164,000 to provide architectural/engineering design and consultant services for submission of the State grant application. Under delegated authority, Public Works executed Supplemental Agreement 1 on December 2, 2003, increasing Gruen Associates' not-to-exceed fee to \$166,427 for design revisions.

Gruen Associates has agreed to provide design and consultant services to complete the project for a not-to-exceed fee of \$548,910. This fee includes architect/engineer design, construction administration, consultant services, and additional/reimbursable services. Consultant services will include planning/design of the furniture, fixtures, equipment, and graphic signage for the proposed library. The construction administration services will be billed only during construction. The fee for additional and reimbursable services will only be used if additional work is requested and approved by Public Works.

The negotiated fee for the Lawndale Library Project is based on the County's architect/engineer fee schedule approved by your Board on August 21, 1990. The negotiated fee has been reviewed by Public Works and is considered reasonable for the scope of work.

A standard agreement, in the form previously approved by County Counsel, will be used. The standard Board-directed clauses that provide for contract termination, renegotiation, and hiring qualified displaced County employees will be included.

As requested by your Board on August 12, 1997, and as a threshold requirement for consideration for contract award, Gruen Associates is willing to consider Greater Avenues for Independence Program/General Relief Opportunity for Work participants for future employment.

Gruen Associates is in full compliance with Los Angeles County Code Chapter 2.200 (Child Support Compliance Program), Chapter 2.2D3 (Contractor Employee Jury Services), and is aware of the Safely Surrendered Baby Law.

Gruen Associates' fee schedule, Community Business Enterprises participation data, and three-year contracting history are on file with Public Works.

IMPACT ON CURRENT SERVICES

Approval of the recommended actions will have no impact on current library services. The existing Lawndale Library will remain open and available to the public during construction of the new facility.
